

axiom mxr

axi-om (ak' se-em) MXR (mxr):

Features our affordable mono slope roof design (Fuel City) with one tower element, raised sidewall elevations, choice of daylight or metal roof systems, multiple colors distinctive axiom trim systems, decorative column covers and unique ACM cladding systems.

The Axiom MXR promotes one tower element with a unique out rig roof beam design. This configuration makes the MXR one of our most affordable Axiom designs.

The Axiom MXR is available in several configurations.
